

These two educational offerings are now one amazing opportunity to meet your recertification obligations. Courses will meet both state and local requirements set under the NREMT NCCP model. OTEP credits will require individuals or agencies to stay connected after the presentation so that skills can be viewed via Zoom. After each presentation, materials will need to be submitted.

**2018-2019** *via Zoom/NW Telehealth Network*

This live, interactive program is available via Zoom. Join from any location by computer, mobile device, or conference room via the Northwest Telehealth Network. Contact Northwest TeleHealth at 509-789-4960 to find a video conference location near you.

All Classes start at 6:30 pm and run 90 minutes (Additional 30 minutes required for skills)
