SUBJECT: Accreditation and Program Office Information

POLICY:

Washington State Program Information
INHS Health Training is a Washington State EMS Training Program. Our Training Program Credential Number is 60114613-PRO. For questions or concerns please contact Dawn Felt at (360) 236-2842 or by email at dawn.felt@doh.wa.gov.

CAAHEP/ CoAEMSP Information
The St. Luke's Rehabilitation Institute Division of Inland Northwest Health Services Paramedic program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Committee on Accreditation of Education Programs for the Emergency Medical Services Professions.

Commission on Accreditation of Allied Health Education Programs
1361 Park Street
Clearwater, FL 33756
(727) 210-2350
www.caahep.org

The program information is as follows:
Sponsor: St. Luke’s Rehabilitation Institute
Division of Inland Northwest Services
PO Box 469
Spokane, WA 99210

Program Number: 600537
For questions call Health Training at (509) 242-4264 or by email at healthtraining@inhs.org.

Vocational Education
This school is licensed under Chapter 28C.10 RCW. Inquiries or complaints regarding this private vocational school may be made to the:

Workforce Board, 128 – 10th Ave. SW, Box 43105, Olympia, Washington 98504
Web: wtb.wa.gov
Phone: 360-709-4600
E-Mail Address: pvsa@wtb.wa.gov

Selected programs of study at INHS are approved by the Workforce Training and Education Coordinating Board’s State Approving Agency (WTECB/SAA) for enrollment of those eligible to receive benefits under Title 38 and Title 10, USC.

Sponsor Accreditation Information
St. Luke’s Rehabilitation Institute is accredited by the Joint Commission. The Organization ID Number is 101448. Information about accredited organizations may be provided directly to The Joint Commission at 1-800-994-6610. Information regarding accreditation and the accreditation performance of individual organizations can be obtained through The Joint Commission’s website at www.jointcommission.org.

SUBJECT: Admission Requirements and Student Records

POLICY: Applicants wishing to be considered into an INHS Vocational Education Program must submit the following materials along with a completed application form to INHS. All student application materials as well as student records will be kept on file for a minimum of 50 years as is Washington state policy.

EMR/EMT/AEMT Requirements

1. Copy of current driver’s license or state issued identification. Applicant must be at least 17 years of age prior to the beginning of the course and 18 at the time of internship.

2. Evidence of high school graduation or its equivalent (not necessary for EMR).

3. The applicant must include a copy of a current American Heart Association Healthcare Provider (or equivalent) CPR card for EMT Online course only.

4. Immunization records (or titer results) to include but not limited to MUST be provided on the first night of class:
   - Measles, Mumps, Rubella, Rubeola and Varicella, if not available, a letter stating when you had the actual illness
   - TB test results (results must be within the immediate past year)
   - Hepatitis B Series, if not completed, documentation of starting the series
   - Tetanus
   - Flu Vaccination

5. Applicants to the EMR/EMT/AEMT Program shall complete the course application form in its entirety. Incomplete application forms will not be considered.

6. All applicants must sign a release of information form and begin the process for the Criminal Background Check. Acceptance into the program is contingent upon an acceptable report from this agency.

7. The decision to accept an applicant into the EMR/EMT/AEMT Program will be based on the following:
   - A complete application packet with supporting documentation
   - An acceptable background report

8. AEMT candidates must have minimum one year experience as an EMT.

9. INHS will limit student enrollment to 85% veteran enrollment per cohort. In the event that a veteran wishes to enroll in a class that has already reached the 85% cap, he or she may do that but will not be eligible for VA funding. Chapter 35 and 31 students may still enroll even if the 85% has been realized.
Paramedic Requirements

1. Applicants to the Paramedic Program shall complete the course application form in its entirety and submit an application fee. Incomplete application forms will not be considered.

2. Copy of current driver’s license or state issued identification.

3. Evidence of high school graduation or its equivalent as well as all H.S. or college level transcripts.

4. A copy of the applicant’s current state EMT and/or National Registry Basic certificate or advanced level certificates, if applicable. At the time the application is submitted the applicant must have been an EMT for a minimum of one year or one certification period or have 1,000 patient contacts at an ALS agency. The applicant must include a copy of a current American Heart Association Healthcare Provider (or equivalent) CPR card.

5. Evidence of successful completion (grade of C+ or better) of a 200 level Anatomy & Physiology course or completion of the Corexcel online Anatomy and Physiology course.

6. Evidence of successful completion of a Medical Terminology course with a grade of a C+ or better or the ed2go Medical Terminology: A Word Association Approach online course.

7. One letter of reference from the applicant’s immediate supervisor.

8. A written or typed essay describing the applicants EMS experience. The essay must be 500 words or less.

9. When the above materials are received, the candidate will be notified of the entrance exam schedule. All applicants must successfully complete a computer based exam.

10. All applicants must sign a release of information form and begin the process for the Criminal Background Check. Acceptance into the program is contingent upon an acceptable report from this agency.

11. The decision to accept an applicant into the Paramedic Program will be based on the following:
   a. A complete application packet
   b. Applicant’s essay
   c. Completing the BLS written exam
   d. An individual oral interview with the selection committee
   e. Successful completion of the Anatomy and Physiology course (grade of C+ or better) or the online Corexcel Anatomy and Physiology course.
   f. Successful completion of the Medical Terminology course (grade of C+ or better) or the online ed2go Medical Terminology: A Word Association Approach.
12. Residents in Eastern Washington, North Idaho and those with active employment by an ambulance or fire service are given priority for entrance into the Paramedic Program.

13. All applicants will be notified in writing regarding either their acceptance or their rejection into the Paramedic Program.

14. Applicants who are accepted will have to confirm their willingness to attend the program by registering for the course through the INHS website. Registration and payment of books and lab fees will secure the students enrollment in the course and act as notification of intent to attend.

15. Once Accepted:
   a. Immunization records or titer results to include but not limited to upon acceptance into the program:
      i. Measles, Mumps, Rubella, Rubeola and Varicella, if not available, a letter stating when you had the actual illness
      ii. TB test results (results must be within the immediate past six months and two negative results in the past year)
      iii. Hepatitis B Series, if not completed, documentation of starting the series
      iv. Tetanus
      v. Influenza

16. INHS will limit student enrollment to 85% veteran enrollment per cohort. In the event that a veteran wishes to enroll in a class that has already reached the 85% cap, he or she may do that but will not be eligible for VA funding. Chapter 35 and 31 students may still enroll even if the 85% has been realized.
SUBJECT: Appeal/Grievance Process

PURPOSE: 1. To establish a fair and equitable process for resolution of a student complaint.
2. If a student is dismissed from the program for academic reasons, there is no grievance option. A student who is dismissed from the program for non-academic reasons may utilize the following process to grieve this action.

PROCEDURE:

1. A student wishing to file a written complaint (email is acceptable) or grievance should present his/her written complaint or grievance to the Program Manager within five (5) business days from the date of occurrence that initiated this action.

2. The Program Manager has five (5) business days in which to respond in writing (email is acceptable) to the complaint or grievance. The Program Manager may discuss the complaint or grievance with the Lead Instructor, Clinical Coordinator, Program Director and the Medical Director to make the determination on the status of the student’s complaint or grievance.

3. If the student is not satisfied with the outcome of the decision from the Program Manager, the student may file the complaint or grievance in writing (email is acceptable) within five (5) business days to the Dean of the program. This final appeal must be made within five (5) business days of the response from the initial appeal to the Program Manager. The Dean and/or Medical Director will respond in writing within ten (10) days. The decision of the Dean is final and binding on all parties involved.
SUBJECT: Articulation

POLICY:

INHS Health Training Paramedic Program has an articulation agreement with Central Washington University. This agreement provides transfer admission opportunities for graduates of INHS Paramedic Program who are academically qualified and interest in completing the Bachelor of Science degree in EMS Paramedicine. Students must complete all 11 transferrable modules and receive their Paramedic Certificate to transfer a maximum of 44 credits to Central Washington University as an Advanced Standing student in the EMS Paramedicine major.

Depending upon the number of credits eligible for transfer, students may need to earn between 61 and 136 credits at Central Washington University to satisfy degree requirements. The credit requirements for the EMS Paramedicine major are specified in the degree plan for CWU. Other college transfer credits, in addition to these 11 modules, may be review on an individual basis. Students will be financially responsible to Central Washington University once enrolled.
SUBJECT: Attendance

POLICY:

1. Students are expected to attend all scheduled classes and all clinical and field rotations. In the event a student needs to leave a scheduled area early or report late it is the responsibility of the student to obtain prior approval from the Lead Instructor for the classroom segment and the Clinical/Internship Coordinator for the clinical and internship segments.

   a. DIDACTIC: In the event of illness, the student shall notify their instructor via email prior to their absence or commencement of the class. Additionally, students must notify the INHS office voice mail by calling (509) 242-4264. The call should be made before class begins. It is the student’s responsibility to obtain missed material.

   b. CLINICAL: In the event of illness or injury, the student will notify the INHS Clinical Coordinator by email prior to their absence or tardiness. The INHS Clinical Coordinator will reschedule the missed time as can be arranged. Assigned shifts missed for any reason must be completed before advancing to the Field Internship.

   c. INTERNSHIP: In the event of illness or injury, the student will notify his or her preceptor by phone and the INHS Internship/Coordinator by email prior to the beginning of the shift. Time missed for any reason must be completed prior to receiving a certificate of completion for the program.

2. CLINICAL/FIELD SCHEDULE CHANGES: Student rotation schedules will be changed only in the face of an emergency situation or in special circumstances. See Clinical/Field Manual.

3. ABSENTEEISM: The student is required to attend all classes, clinical rotations, and field rotations. It is recognized that there may be an occasion when a student may not be able to attend a class. e.g. illness, death in the family, etc. However, students are responsible for all program material. Therefore, the following policy has been established.

   a. Excused Absence: Each student must attend 95% of all didactic classes and internship shifts. The Lead Instructor or Clinical Coordinator will make the determination of whether or not an occurrence is excused. A doctor’s excuse may be requested. If a student misses more than 5% of total classroom or internship time, the Program Director, Lead Instructor, Clinical Coordinator and Medical Director(s) will meet to review the student’s status may be terminated from the program.

   b. Unexcused Absence: Unexcused absenteeism will not be tolerated. In the event of an unexcused absence, the student will have a conference with the Clinical Coordinator, Program Director or Lead Instructor. If a second unexcused absence occurs, the student may be terminated from the program after meeting with the Clinical Coordinator, Program Director, Lead Instructor and Medical Director(s).
c. **Tardiness:** Unexcused Tardiness is not allowed. An occurrence of unexcused tardiness will result in a conference between the student and the Lead Instructor or Clinical Coordinator. Should subsequent occurrences of tardiness occur, other disciplinary action may be taken. A student may be terminated from the program should he/she accumulates two (2) occurrences of unexcused tardiness. The Lead Instructor or Clinical Coordinator will make the determination of whether or not an occurrence is excused or unexcused. Tardiness is defined as being 10 or more minutes late for class. Unexcused Tardiness after 30 minutes will be classified as an absence.

The Lead Instructor will make a determination on a case by case basis if a student will be able to take any exam in which the student is tardy by more than 10 minutes.
SUBJECT: Cancellation and Refund Policy

POLICY: Students who voluntarily withdraw from the program, or who are unable to meet the academic requirements of the program and are asked to withdraw from the program, may be eligible for a tuition refund. Tuition refunds will be based upon the following schedule:

1. The school must refund all monies paid if the applicant is not accepted. This includes instances where a starting class is cancelled by the school.
2. The school must refund all monies paid if the applicant cancels within five business days (excluding Sundays and holidays) after the day the contract is signed or an initial payment is made, as long as the applicant has not begun training.
3. Monies paid for books and lab fees, which are due at the time of registration, are not part of tuition fees. Book and lab fees are non-refundable.
4. The school may retain an established registration fee equal to ten percent of the total tuition cost, or one hundred dollars, whichever is less, if the applicant cancels past the fifth business day after signing the contract or making an initial payment. A registration fee is any fee charged by a school to process student applications and establish a student record system.
5. If training is terminated after the student enters classes, the school may retain the registration fee established under (4) of this subsection, plus a percentage of the total tuition as described in the following table:

<table>
<thead>
<tr>
<th>If the student completes this amount of training:</th>
<th>School may keep this percentage of tuition:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to 10%</td>
<td>10%</td>
</tr>
<tr>
<td>11% - 24%</td>
<td>25%</td>
</tr>
<tr>
<td>25% - 49%</td>
<td>50%</td>
</tr>
<tr>
<td>50% or more</td>
<td>100%</td>
</tr>
</tbody>
</table>

*EMR based on four weeks or 8 full days of in class time, EMT/AEMT based on three months beginning day one of class or when access is granted to online curriculum. Paramedic based on twelve month course beginning day one of class.

6. When calculating refunds, the official date of a student’s termination is the last day of recorded attendance:
   a. When the school receives notice of the student’s intention to discontinue the training program; or,
   b. When the student is terminated for a violation of a published school policy which provides for termination; or,
   c. When a student, without notice, fails to attend classes for 30 calendar days.
7. All refunds must be paid within thirty calendar days of the student’s official termination date.
CANCELLATION AND REFUND POLICY FOR VA STUDENTS:

INHS agrees that if a veteran student fails to enter the course, withdraws, or is discontinued at any time prior to completion of the course, the unused portion of paid tuition, fees, and other charges will be refunded or the debt for such tuition, fees, and other charges will be canceled on a prorated basis, as follows:

1. **Registration Fee** - An established registration fee in an amount not to exceed $10 need not be subject to proration. Where the established registration fee is more than $10, the amount in excess of $10 will be subject to proration.

2. **Breakage Fee** - Where the school has a breakage fee, it may provide for the retention of only the exact amount of breakage, with the remaining part, if any, to be refunded.

3. **Consumable Instruction Supplies** - Where the school makes a separate charge for consumable instructional supplies, as distinguished from laboratory fees, the exact amount of the charges for supplies consumed may be retained but any remaining part must be refunded.

4. **Books, Supplies, and Equipment**
   a. The school will make a refund in full for the amount of the charge for unissued books, supplies, and equipment when:
      i. The school furnishes the book, supplies, and equipment,
      ii. The school includes their costs in the total charge payable to the school for the course,
      iii. The veteran or eligible person withdraws or is discontinued before completing the course.
   b. The veteran or eligible person may dispose of issued items at his or her discretion even if they were included in the total charge payable to the school for the course.

5. **Tuition and Other Charges** - Where the school either has or adopts an established policy for the refund of the unused portion of tuition, fees, and other charges subject to proration, which is more favorable to the veteran or eligible person that the approximate pro rata basis as provided in this subparagraph, such established policy will be applicable. Otherwise, the school may charge a sum which does not vary more than 10 percent from the exact pro rata portion of such tuition, fees, and other charges that the length of the completed portion of the course bears to its total length. The exact proration will be determined on the ratio of the number of days of instruction completed by the student to the total number of instructional days in the course.

6. **Prompt Refund** - In the event that the veteran, spouse, surviving spouse or child fails to enter the course, or withdraws, or is discontinued there from any time prior to completion of the course, the unused portion of the tuition, fees, and other charges paid by the individual shall be refunded promptly. Any institution which fails to forward any refund due within 30 days after such a change shall be deemed, prima facie, to have failed to make a prompt refund, as required by this subparagraph.
SUBJECT: Class Representative – Paramedic Only

PURPOSE: To enhance communication between students, faculty and program

1. At approximately mid-term the class will nominate and vote (written) for a class representative.

2. Issues that impact the entire class will have facilitation through the class representative.

3. Issues from the class will be facilitated through class representative to faculty and program.

4. The representative will gather information from the class through interviews and present positive and negative feedback to the Program Director and/or Lead Instructor as part of an exit QA discussion.

5. The class representative will sit on the Advisory Board for two (2) years. The first year will be as a student and the second year will be as graduate representative.
SUBJECT: Clinical and Internship Requirements

POLICY: To give students information on available clinical and field internship sites are located as well as requirements for program affiliation.

1. EMS education students are required to attend program specific internships (please see course descriptions) as part of state and national graduation standards. Placement may be assigned at both pre-hospital and hospital agencies and organizations all of which will hold a contract Affiliation Agreement with INHS.

2. All clinical and field internship hours are under the coordination a qualified INHS employee who is designated to ensure all hours are completed and program requirements are met. This designee may also have direct on-site supervision of students in addition to designated agency/organization appointed preceptors.

3. Student placement will be arranged and approved by INHS staff exclusively. Students may not ride with unaffiliated agencies. Students will be places in a timely manner so that the education instruction is continuous.

4. Prior to placement, all students must provide required proof of immunization and/or titer as listed on the program application and Admission Requirements section of this publication.

5. There will be no additional fees for student placement other than those costs associated with immunizations, required attire costs, housing, and drug screening.

6. Each clinical and field internship affiliated site will have on hand the INHS policies to include student and preceptor expectations.

7. Current affiliated clinical and internship locations can be found in the Accreditation and Program Office Information section of this manual.
SUBJECT: Course Completion Timeline

POLICY: To give students information on what the official length of time to complete all the requirements for consideration from Paramedic program

EMR/EMT/AEMT

Students enrolled in the EMT Training Program are required to complete all of the requirements for course completion to be considered a graduate by the last day of class that will be listed on the course schedule.

Students that have not completed all of the requirements for course completion by that date will not be allowed to complete the Training Program.

Paramedic

Successful completion of ACLS, PALS and PHTLS, and the course practical examinations will allow the student to move on to the clinical rotations. Successful completion of the clinical rotations will allow the student to move on to the field experience. The Field Phase includes the optional Field Experience and mandatory Capstone Field Internship components. The Field Experience component is an optional, formative time that does not contribute to the definition of Field Internship. Students may be required to complete this phase if at any time they are not passing their Professional Behavior Evaluations with a minimum of 80%. With successful completion of all three components of the INHS Paramedic Training Program, the student is eligible to take the National Registry Paramedic Cognitive and Psychomotor exam.

Students enrolled in the Paramedic Program will be allowed three (3) months from the official end of the class (the date registered with the State of Washington Department of Health, Training and Education Department) to complete all of the requirements for course completion and to be considered a graduate. The total length of the course listed on the application to the state is 12 months.

Students that have not completed all of the requirements for course completion in that amount of time will not be allowed to complete the Paramedic Program.
SUBJECT: Course Descriptions

POLICY:

Any student enrolling in a course with a minimum of 72 hours of combined classroom, online, and internship time is to be considered a full time student.

EMR:
The Emergency Medical Responder (EMR) course is an entry-level emergency medical provider course that will prepare individuals for employment or a volunteer position in a variety of pre-hospital, industrial and first responder settings. The successful completion of an approved EMR course can be a pre-requisite to pursuing training as a Fire Fighter and many Law Enforcement programs.

The course consists of 40 hours of classroom time that and 16 hour of hands-on lab skills training sessions. The student is also required to complete one, 12-hour shift in the Prehospital setting where they will ride-along with an ambulance crew. Students who successfully complete this program are eligible to seek national certification as an Emergency Medical Responder through the National Registry of EMTs.

EMT:
This course highlights the basic knowledge and skills necessary for individuals who wish to obtain state or national certification as an Emergency Medical Technician and adheres to the 2009 National EMS Education Standards which are based on the National EMS Core Content and the National EMS Scope of Practice that define the minimal entry-level educational competencies for each level of EMS training and has replaced the DOT National Standards curricula used in the past. Courses include an in-class option as well as a self-paced online option.

The in person course consists of 176 hours of classroom time that includes hands-on skills training sessions. The student is also required to complete Two, 12-hour shift in the Prehospital setting where they will ride-along with an ambulance crew. Students who successfully complete this program are eligible to take the National Registry of EMTs cognitive exam which is a computer adaptive test (CAT), as well as with the National Registry of EMTs.

The online course is a self-directed, interactive, distance learning course that is approved for NREMT and Washington certification. The course curriculum covers all EMT knowledge and skill requirements for the EMT National Education Standards. This course is 100 clock hours and allows for 245 hours of student preparation time. The suggested start date to start your online portion of this class is 13 weeks prior to the in-person skills. Students who successfully complete this program are eligible to take the National Registry of EMTs cognitive exam which is a computer adaptive test (CAT), as well as with the National Registry of EMTs.

AEMT:
The Advanced Emergency Medical Technician (AEMT) Course is a comprehensive program consisting of both classroom (didactic), skills lab, clinical (hospital observation) and field
(ambulance observation) components. The course adheres to the 2009 National EMS Education Standards which are based on the National EMS Core Content and the National EMS Scope of Practice that define the minimal entry-level educational competencies for each level of EMS training and has replaced the DOT National Standards curricula used in the past.

The course consists of 168 hours of classroom time that includes hands-on skills training sessions. The student will be scheduled to complete a clinical internship rotation consisting of two 12-hour shifts in the emergency room where they will observe and assist with the assessment and management of patients within the scope of practice for the AEMT. The student is also required to complete three 12-hour shifts in the prehospital setting with an EMS agency. Students are required to demonstrate the ability to assess and manage a minimum of 10 patients and document the care. Students who successfully complete this course are eligible to take the National Registry of EMTs psychomotor and cognitive exams which lead to certification at the AEMT level in the State of Washington, as well as with the National Registry of EMTs.

**Paramedic:**
This 1,290.5 hour Paramedic Program allows you to test with National Registry of Emergency Medical Technicians and then apply for state certification. It follows the 2011 National EMS Education Standards.

The INHS Health Training Paramedic Program is conducted in three phases. This three-quarter time program consists of 28 weeks of intensive classroom training at the INHS Training Facility, three days a week from 9:00 a.m. to 5:30 p.m. The didactic/lab portion consists of 672 hours of intensive, classroom/lab training in the INHS Health Training Facility; followed by a minimum of 258.5 hours of supervised hospital clinical time; and a minimum of 360 hours of supervised paramedic field internship. Clinical rotations and field internships are available at a number of approved locations or set up at other location across the Country.

Credentials obtained: Advanced Cardiac Life Support, Pediatric Advanced Life Support, and Prehospital Trauma Life Support.

The success of program and its training is reflective in a 100% pass rate on the National Registry Exam for Paramedics, which has been maintained since the inception of the program in 2012.

It is the mission of INHS to educate and empower a new generation of EMS providers with knowledge and skills necessary to provide the highest quality of pre-hospital care to communities they serve. It is the goal expectation to prepare competent entry-level Emergency Medical Technician-Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.
SUBJECT: Didactic and Internship Evaluation Forms

POLICY:

1. Following a presentation from some of the guest speakers involved with each program, students will be asked to complete a performance evaluation of the session taught. There will also be intermittent evaluation of INHS staff members. Students will be required to complete all evaluations throughout the program. The evaluations are used for:
   
   a. Future faculty selection for each Training Program
   
   b. Giving feedback to the lecturers as to how well they presented the material
   
   c. Report back to accrediting bodies as needed

2. Throughout Didactic, Clinical and Field students will be evaluated on their Affective Domain, or Professional Behavior. These evaluations consist of 15% of the students’ total grade. Students must be continually passing all Affective Domain evaluations at an 80%. Students not to standard will be put on a Performance Improvement Plan and re-evaluated at the discretion of their instructor, Clinical Coordinator or Program Director.
   
   a. Paramedic students not to standard on their Professional Behavior may not be allowed to begin their Clinical Internship or may be required to partake in the Field Experience prior to beginning their Capstone Field Internship.

3. Throughout Clinical and Field students will be evaluated on their daily performance, both self-rated and by their respective preceptors. Please see Clinical & Field Manual for details.
**SUBJECT:** Discrimination and Reasonable Accommodation

**POLICY:**

INHS Health Training does not discriminate on the basis of race, creed, color, national origin, sex/gender, sexual orientation, age, religion, veteran or military status or the presence of any sensory, mental, or physical disability or the use of a trained guide dog or service animal by a person with a disability in admission to its programs, services, employment practices, treatment of individuals, or any aspect of their operations.

INHS Health Training is committed to providing access, equal opportunity and reasonable accommodation in its services, programs and education for individuals with disabilities. Information pertaining to an applicant’s disability is voluntary and confidential, and will be made on an individual bases. If this information is presented, INHS Health Training will reasonably attempt to provide an accommodation to overcome the effects of the limitation of the qualified applicant. All inquiries about accommodations should be made to the admissions administrator upon registration of the program; some programs require medical documentation because of the rigors of the curriculum.
SUBJECT: Dismissal

POLICY: Dismissal from the program will include but not be limited to the following:

1. Failure to comply with the Tuition Payment policies.

2. Poor attendance demonstrated by excessive unexcused absences and/or reoccurring tardiness.

3. Inability to show adequate progression on classroom, lab, clinical, and field internship activities.

4. EMR/EMT/AEMT students who fail to complete a skill after remedial help or failing three (3) section exams (as defined by less than 70%) may result in dismissal from the program and Paramedic students who fail three (3) major exams (as defined by less than 80%) may be dismissed from the program.

5. EMR/EMT/AEMT students who fail to obtain an overall passing grade of 80% or higher at the end of the course, may be dismissed from the program.

6. Lack of discipline such as disruption of class, clinical or field experience.

7. Demonstrated lack of medical ethics such as disclosure of confidential information.

8. Failure to follow EMS Service policies.

9. Paramedic Only - Failure to successfully complete ACLS, PALS, and PHTLS components. Students will be allowed only two (2) attempts to complete ACLS, PALS and PHTLS; the initial testing session and one re-testing attempt. Failure to complete these components within these guidelines may result in termination from the program.

10. Failure to complete, or meet the requirements of the Clinical and/or Field portion of the program. (Refer to Clinical and Field Manual.)

11. Failure to successfully complete, or comply with, a Plan of Action developed as the result of any Student Counseling Session.

12. Other examples listed in Conduct and Disciplinary Code.

13. The Program Director, Lead Instructor and the Medical Director(s) will review questionable student performance situations for action.
**SUBJECT:**  Employment during the Vocational Education Class

**POLICY:**

1. The student may be counseled regarding employment if it is felt to interfere with his/her performance.

2. While involved in the clinical or field component of the training program, students may **NOT** be used in lieu of professional or nonprofessional staff.
**SUBJECT:** Facilities

Inland Northwest Health Services Vocational Education program has both an Administrative Office location and Training Facility location. Location addresses can be found on page 4 of this manual.

The Administrative location features a reception area, small classroom and offices. All program application paperwork is collected and stored at this location. This facility is located in close proximity to public transit and has free, well-lit parking. This is an ADA accessible facility with handicapped ramps and lavatories, reasonable accommodation will be provided at the request of the student.

The Training Facility location features a large classroom, laboratory and computer lab. The lab includes many training mannequins (airway, IV, CPR, etc.) in addition to both adult and pediatric SimMan Simulation mannequins. Additionally, all necessary equipment and supplies are provided to each student and can be found in the lab i.e. IV start kits, stethoscopes, EMS bags, etc.

The school has a break room for students with microwaves, refrigerator, sink, and tables and chairs. There are also lockers for paramedic students. Both male and female lavatories are available. There is parking on the grounds which is gated and well lit. This gated lot is shared with the additional buildings. The lot is open from 6 am to 6 pm. This facility is located in close proximity to public transit. This is an ADA accessible facility with handicapped ramps and lavatories, reasonable accommodation will be provided at the request of the student. Maximum class size is 30 and the student/teacher ratio is 8 to 1.
SUBJECT: Graduate Placement

POLICY:

1. A listing of all operational Advanced EMS Service programs within the State of Washington and Idaho can be made readily available to any student in the INHS program.

2. When available, information is maintained from EMS services with specific information on:
   a. Job availability
   b. Entrance requirements
   c. Continuing education availability
   d. Salaries and fringe benefits

3. National magazines are available to canvas for possible position availability.

4. Job openings are made known to the students and assistance is provided when requested by the student in preparing applications or preparing for interviews. This information is updated periodically in an effort to maintain the most current information for our students.

5. Availability of employment will be posted in a designated area for students to review.

6. INHS cannot guarantee job placement upon graduation.
SUBJECT: HIPAA/Confidentiality

POLICY:

INHS Health Training Paramedic Program requires all student complete the on-line Confidentiality and HIPAA training produced by Inland Northwest Health Services. Proof of completion must be submitted as well as a signed copy of the Confidentiality Form.

INHS Health Training realizes the following to be true:

- There is a zero-tolerance policy when it comes to any and all HIPAA violations, both verbal and in writing including but not limited to social media, Fisdap reporting, emails, voicemails, texts, and all in-person communication.
PROCEDURE: Leave of Absence

1. VOLUNTARY LEAVE

Policy: INHS Health Training recognizes that situations may arise when a student may want to voluntarily interrupt his or her academic studies. We are committed to handling reasonable requests for leaves in a responsible manner. This policy may not be used in lieu of disciplinary action to address any violations of rules, regulations, policies, or practices. A student who is granted a voluntary leave while on academic and/or disciplinary status will return to that same status.

Definition: A voluntary leave is defined as a student’s request to separate from INHS Health Training for a temporary period.

Applicability: This policy applies to all courses within INHS.

Basis for Leave: A voluntary leave may be requested for national service or for a serious illness. Since certain academic programs, departments, or schools may have additional specific criteria for voluntary leave, a student considering a voluntary leave should also consult his or her academic program advisor in addition to consulting this policy. A voluntary leave should be requested prior to the leave, if possible.

A student who is granted a voluntary leave is still required to complete all requirements within the specified time of enrollment. A leave does not extend the specific time period for obtaining a certificate unless a waiver is granted by the program director.

This policy does not have any effect on the exemption of students from finance obligation/payment plan arrangements. Before taking a voluntary leave of absence, a student should contact his or her lender regarding repayment obligations that may arise as a result of their leave.

Duration of Leave: Except where a leave is mandated by compulsory national service, or where the school indicates otherwise, a voluntary leave may be granted by the Dean of the School or the Dean’s designee. The duration of the leave generally will be a minimum of one academic month, to a maximum of four academic months. An extension or reduction of the leave period may be granted for good cause. Students cannot be reinstated for a particular program after the registration deadline for that program has passed.

Procedures:
1. The student should discuss a leave of absence with the lead instructor.
2. The student must complete a “Leave of Absence Form” and provide supporting documentation. The “Leave of Absence Form” is submitted to the Dean or the Dean’s designee of the student’s academic.
3. If the student is seeking a voluntary leave due to a medical or psychological condition, the Dean or Dean’s designee must confer with Medical Director depending on whether the leave is for a medical or psychological condition. For voluntary leaves based on psychological or medical conditions, an evaluation of the student may be required.
4. The student will be notified in writing by the Dean or the Dean’s designee of the approval or denial of the request for a leave. If the request is approved, the terms and conditions of the leave shall be set forth in the approval letter.

5. The Dean will be responsible for notifying the appropriate administrators and instructors of the approval of the leave.

6. The notation “leave of absence” will be entered on the student’s transcript.

Return from a Voluntary Leave/Re-enrollment:

1. **On/about six (6) weeks prior to the first day of classes of class in which the student seeks to return, the student** must notify the Dean of his or her school or the Dean’s designee, in writing, of the Intention to return or re-enroll at the conclusion of the leave period.

2. If the voluntary leave was due to a psychological or medical condition, the student must have his or her health care provider complete a doctor’s note to return.

3. A student who fails to register for classes after three (3) consecutive programs must apply for readmission.

4. Failure to contact the school within the designated time period may result in the denial of re-enrollment.

**Appeal of Decision Denying Re-enrollment:** A student may appeal a decision denying re-enrollment to the Dean in writing within ten (10) business days (excluding weekends and federal and state holidays) of receiving the decision. The Dean shall review the record and any additional information submitted by the student and render a decision within ten (10) business days (excluding weekends and federal and state holidays) of receiving the appeal. The Dean’s decision shall be final. The Dean may extend the time limits set forth above as necessary.

II. INVOLUNTARY LEAVE

**Policy:** INHS Health Training may place a student on an involuntary leave of absence from that student’s academic program when that student: (1) poses a direct threat to health and safety of self or others; and (2) is not able or not willing to take a voluntary leave of absence. This policy may not be used in lieu of disciplinary actions to address any program rules, regulations, policies, or practices. A student who is placed on an involuntary leave while on academic and/or disciplinary status will return on that same status.

**Procedures:**

1. When an involuntary leave is under consideration, the Dean or the Dean’s designee will notify the Chief Administration Officer.

2. Following the review a decision will be reached by the Dean or the Dean’s designee. The student will be informed in writing of the decision and the terms and conditions of the leave and re-enrollment.

3. The student may visit the campus and any other INHS facilities only with the written permission of the Dean or the Dean’s designee. Such permission may be set forth in the letter notifying the student of the involuntary leave. Otherwise, the student must be off the campus during the approved period of leave.
4. The relevant Dean will be responsible for notifying the appropriate INHS offices, administrators, faculty advisors, and instructors of the involuntary leave.

5. The notation “leave of absence” will be entered on the student’s transcript.

**Appeal of an Involuntary Leave Decision:** A student who is placed on an involuntary leave may appeal the decision to the Dean within ten (10) business days (excluding weekends and federal and state holidays) of the decision. The appeal should be made in writing and should set forth the basis for the appeal. The Dean shall review the record and any additional information submitted by the student. The Dean has ten (10) business days from receipt of the appeal (excluding weekends and federal and state holidays) to affirm or reverse the decision, which is then considered final. The Dean may extend the time limits set forth above as necessary.

**Duration of Leave:** The duration of the leave generally will be a minimum of one academic month, to a maximum of four academic months. An extension or reduction of the leave period may be granted for good cause. Students cannot be reinstated for a particular program after the registration deadline for that program has passed.

**Return from an Involuntary Leave/Re-enrollment:**

1. **On/about six (6) weeks prior to the first day of classes of class in which the student seeks to return, the student** must notify the Dean of his or her school or the Dean’s designee, in writing, of the Intention to return or re-enroll at the conclusion of the leave period.

2. If the voluntary leave was due to a psychological or medical condition, the student must have his or her health care provider complete a doctor’s note to return.

3. A student who fails to register for classes after three (3) consecutive programs must apply for readmission.

4. Failure to contact the school within the designated time period may result in the denial of re-enrollment.

**Appeal of Decision Denying Re-enrollment:** A student may appeal a decision denying re-enrollment to the Dean in writing within ten (10) business days (excluding weekends and federal and state holidays) of receiving the decision. The Dean shall review the record and any additional information submitted by the student and render a decision within ten (10) business days (excluding weekends and federal and state holidays) of receiving the appeal. The Dean’s decision shall be final. The Dean may extend the time limits set forth above as necessary.

**Duration of Leave:** Except where a leave is mandated by compulsory national service, or where the school indicates otherwise, a voluntary leave may be granted by the Dean of the School or the Dean’s designee. The duration of the leave generally will be a minimum of one academic month, to a maximum of four academic months. An extension or reduction of the leave period may be granted for good cause. Students cannot be reinstated for a particular program after the registration deadline for that program has passed.
III. OTHER LEAVE ISSUES

Notification of Parent or Other: INHS reserves the right to notify a parent or guardian if deemed appropriate under the circumstances and applicable laws, including making arrangements for the family member to pick up the student from INHS’ premises.

Confidentiality of Information Regarding Leaves: INHS will maintain the confidentiality of information regarding voluntary and involuntary leaves in accordance with federal, state, and local law, and to the greatest extent consistent with the goal of processing such leaves.

Confidentiality of Records: All records concerning both voluntary and involuntary leaves of absence are confidential and the official copy of such records shall be retained by the Dean or the Dean’s designee of the program. Access to these records is limited by appropriate federal, state, and local law. Such records will be destroyed seven (7) years after the student’s graduation.
SUBJECT: Prior Credit and Experimental Learning Policy

POLICY: To give students information on what previous EMS education merits and previous experimental learning credit towards their EMS program.

1. The minimum entry level for admission into the Paramedic Training Program is the EMT level. Any training that a student has above this minimum (Advanced EMT or Paramedic), will not be used for credit for training purpose.
2. There will be not credit or award given for academic merits (neither didactic, clinical or field) to any student for previous education other than education prerequisites as set forth prior to acceptance into the paramedic program.
3. Prior related education and/or military experience of veteran students will be reviewed on a case-by-case individual basis and appropriate credit awarded.
SUBJECT: Promotion and Graduation

POLICY:

1. The didactic and clinical components of the course must be successfully completed prior to taking the National Registry Paramedic examination and each of the three components, didactic, clinical and field, must be completed successfully before the student may take the National Registry Cognitive examination.

2. All Paramedic students MUST meet with the Medical Director at the completion of their field internship for an exit interview as a final competency evaluation of the student’s knowledge and skills. A student will not receive a certificate of completion without successful completion of the interview. During this meeting the student can expect the interview to include but will not be limited:
   A. Mega Code
   B. Oral Scenario Evaluation

2. A certificate from Inland Northwest Health Services will be awarded upon successful completion of all phases of the program.

3. Before graduates of this training program may practice the skills they have learned at their given level, they must:
   a. Pass the National Registry cognitive and psychomotor examinations
   b. Be certified or licensed by their State’s regulatory agency for EMS
   c. Work for an approved advanced EMS service or hospital

4. All fees incurred by the student must be paid in full prior to the receipt of his/her certificate of completion unless an approved payment arrangement is in place and in good standing.
SUBJECT: Tobacco

POLICY: Tobacco and the INHS Training Facility

All INHS is a completely tobacco/smoke-free, both indoors and outdoors, for all employees, customers, students, and patients. This includes parking areas and the vehicles parked there. This covers all tobacco products including e-cigs and chewing tobacco.
SUBJECT: Student Conduct & Professional Behavior

PURPOSE:
1. To define general rules and regulations for student behavior and performance.
2. The obligation each student has to conform to a reasonable code of behavior.
3. Consequences if violation of the established rules.

POLICY:

As an INHS EMS student you are a representative of the INHS Training Program at all times. The patients and staff of the clinical and field sites will develop an opinion of your professional behavior. The opinion they form of you is the opinion they form of INHS. Therefore, acceptable professional behavior is expected from all students at all times. The following examples of unacceptable behaviors and recommended discipline are not intended to cover every possible situation. INHS reserves the right to determine what behaviors, other than those shown below, are unacceptable and are therefore subject to appropriate disciplinary action. There are three progressive levels of disciplinary action.

Verbal Warning = VW, Written Warning (including email) = WW, Termination = T

1. Cheating (T)
2. Absenteeism or tardiness (VW, WW, T)
3. Insubordination (WW, T)
4. Thievery (T)
5. Use of illicit drugs and/or alcohol during, or affecting, INHS-related activities (T)
6. Profane language and interruption (VW, WW, T)
7. Sleeping during the didactic/clinical/field rotations (VW, WW, T)
8. Inappropriate behavior at a clinical or field site resulting in dismissal from the site (T)
9. Leaving clinical/field premises without permission (VW, WW, T)
10. Failure to follow established department, clinical or field site policies or procedures (variable).
11. Failure to report injuries during clinical or internship rotations (VW, WW, T)
12. Breach of patient confidentiality (T)
13. Damaging training facility or clinical/field property (WW, T)
14. Distribution of any unauthorized material, i.e. literature, use of pornography, etc. (VW, WW, T)
15. Failure to meet Dress Code (VW, WW, T)
16. Improper grooming (VW, WW, T)
17. Falsification of documentation (T)
18. Affective Domain/Professional Behavior (VW, WW, T)

At the time any disciplinary action is taken, the student will be advised, in writing, of any time limits that may apply to the individual circumstance, e.g., when the circumstance will be reexamined, behavior/performance modification should be completed, etc.

When termination is considered, the Lead Instructor, Program Director, Clinical Coordinator, Dean and Medical Director(s) will be involved in the decision-making process.

Nothing in the policy prevents the student from contacting the Workforce Board at 360-709-4600 at any time with a concern or complaint.
SUBJECT:  Student Counseling/Evaluations

POLICY:

1. A student having specific academic/clinical/field problems will be counseled as needed. There are ways in which a student’s need for counseling becomes apparent. This includes, but is not limited to:

   a. A student who is having difficulty understanding a portion of the assigned material and asks for assistance will be assigned to an instructor or other personnel who will provide extra assistance.
   b. Anytime the student displays, or is reported to have displayed, poor professional behavior/attitude in an academic/clinical/field setting.

2. A counseling session to include the development of an individual education improvement plan will take place for students who are not performing at an acceptable level during the didactic, clinical or field portions of the program.

3. Prompt consideration will be given to the student whose personal problems interfere with their didactic, clinical or field performance. Such a student will meet with the Lead Instructor, Program Director and Medical Director(s) for counseling.

4. Paramedic Only - At least three (3) evaluations will be scheduled with the student during the training program for the purpose of discussing the student’s progress and status.

   a. Evaluations may be conducted with the students following each major exam (3 module exams, the midterm and the final exam).
SUBJECT: Student Health

POLICY:

1. Each student is responsible for his/her own health needs including health insurance coverage, which is suggested while enrolled in the program.

2. Students who become ill or injured during didactic, clinical or field rotations must report it at once to their instructor or preceptor. If it occurs after normal business hours the student is to call INHS at (509) 242-4264 and leave a message reporting the illness or injury, and the student’s name and a phone number so a staff member can return the call.

3. If the student becomes ill or has an injury caused either within or outside the training program, it is his/her responsibility for fees incurred for professional services.

4. Students must report the occurrence of all sore throats, communicable diseases, herpes virus infections, boils, lesions and broken skin areas (especially on the hands and arms) to their preceptor before beginning clinical/field assignments.

5. It is suggested that students undergo a physical exam prior to entrance into the program. The student will be responsible for charges.

6. All accidents and/or injuries that occur during the didactic, clinical or field experience must be reported to the instructor or clinical coordinator immediately.
SUBJECT: Student Information Protection

POLICY: INHS adheres to all state and accreditation requirements in regards to student information as well as to the Family Educational Rights and Privacy Act (FERPA).

1. INHS will disclose information from a student's educational record only with the prior written consent of the student, except that educational records may be disclosed without consent to INHS staff having a legitimate educational interest in the records and to third parties specifically authorized by FERPA.
SUBJECT: Student Performance Guidelines *(Didactic)*

POLICY:

1. Students must attend all classes. Absences will be handled as outlined under the Attendance Policy of this manual.

2. Students must be present for all exams unless prior approval from the Lead Instructor or Program Director has been given. Make-up exams will be administered at the discretion of the Lead Instructor. Under no circumstances will a make-up exam be administered if a student’s absence/tardiness is considered unexcused.

3. **EMR/EMT/AEMT** - A score of 70% on section exams is considered a passing score. Skills are graded on a competent/not competent basis. An overall end of course passing score is 80%.

   **Paramedic** - A score of 80% on the weekly exams and all “major” (module, mid-term & final) exams is considered a passing score. Students who fail three (3) major exams may be dismissed from the program. Practical examinations will be conducted following each major examination. Skills are graded per the National Registry Guidelines. Students must successfully complete ACLS, PALS and PHTLS and course practical examinations in order to move on to the clinical rotations.

4. Cheating on any exam shall be grounds for immediate dismissal of the student from the program. Removal of any quiz, exam or answer sheet from the testing room or any reproduction of an exam or quiz will be grounds for immediate dismissal from the program.

5. Additional use of cellphones, pagers, PDA’s, computers or any other electronic device during testing is prohibited. These devices must be turned off before the beginning of any testing session. The use of cell phones may be authorized for drug calculations on a case by case basis, as determined by the Lead Instructor.

6. The use of cell phones, pagers, or any other electronic communication device during didactic sessions is prohibited. These should be in a silent/vibrate mode and answered only outside the classroom during scheduled breaks.

7. Laptop computers may be used during any didactic session for note taking purposes only.

8. Homework is expected to be turned on or before the due date. Homework will be awarded points and will go towards the student’s cumulative score. Students may not miss more than three assignments; anything more will result in termination from the course.

9. **Paramedic** - FisDap exam will be given at the end of the Clinical Portion before the field internship. Students will be given 3 attempts to pass the computer generated exam.
SUBJECT: Technical Standards

POLICY: In order to achieve the curriculum objectives, a student must be able to:

- Assist in lifting and carrying injured and/or ill persons to and from the ambulance.

- Engage in pushing and/or pulling to assist in extrication of a patient pinned beneath or inside a vehicle, and in vehicles with electrical hazards.

- Walk, stand, lift, carry, and balance in excess of 125 pounds without assistance, (250 pounds with assistance) while lifting, pulling, pushing and carrying a patient.

- Stoop, kneel, bend, crouch or crawl on uneven terrain to gain access to a patient.

- Climb stairs, hillsides, and ladders to gain access to a patient.

- Communicate verbally in person, via telephone and radio equipment.

- Work in chaotic environments with loud noises and flashing lights.

- Perform patient assessments, implement treatment, and calculate weight and volume ratios under threatening time constraints.

- Work effectively in low light, confined spaces, extreme environmental conditions and other dangerous environments while remaining calm.

- Locate the scene of an emergency by reading maps and responding safely and quickly to the location as directed by the dispatcher while observing traffic ordinances.

- Perform fine motor movements to perform procedures within the students Scope of Practice while in stressful situations and under threatening time constraints.

- Perform major motor movements as required to operate the ambulance stretcher, long spine board, Kendrick’s Extrication Device, scoop stretcher, traction splint, long bone immobilization devices, etc.
SUBJECT: Testing / Grading Criteria

POLICY:

1. The following grading system will be used for the didactic segment of the program:

   - 98-100: A+
   - 95-97: A
   - 93-94: A-
   - 91-92: B+
   - 89-90: B
   - 87-88: B-
   - 85-86: C+
   - 83-84: C
   - 80-82: C-

2. Students who are not in the classroom by assigned start time identified on the class schedule (using the clock in the classroom) will be allowed to take any scheduled tests only at the discretion of the Lead Instructor or Program Director.

3. All quizzes, exams and tests will be given at the discretion of the Lead Instructor. Exam content will include material discussed during lectures, demonstrations, assigned readings, daily objectives and handouts.

4. A comprehensive Mid-Term written exam will be administered covering all information from the first day of class through the mid-term.

5. A comprehensive final exam will be administered on the final day of the didactic segment. This exam will include material from all didactic segments, lectures and handouts.

EMR/EMT/AEMT

1. The student’s clinical and field grade will be obtained as follows:
   - Completion of required number of hours in all identified areas
   - Completion of a minimum number of required skills at the competent level
   - Completion of the minimum number of required patient contacts

2. Failure to show competency in clinical and/or internship per evaluation will result in the student being required to complete additional clinical and/or field internship rotations.

3. Successful passing of Affective Domain Professional Behavior. An evaluation that will be graded through the didactic (and Internship) portion of the program. This is worth 15% of the total grade. This is graded by Competent/Not yet Competent. If at any time a student is graded NYC, a performance improvement plan will be put into place. Failure to become competent in any area may lead to dismissal.

Paramedic

1. Weekly tests, “major” exams (module exams, midterm and final exam) will be given to evaluate the student’s knowledge base. Exam content will include material discussed during lectures, demonstrations, assigned readings, homework assignments, webinars, daily objectives and handouts.
2. Successful completion of ACLS, PALS, according to the American Heart Association guidelines, and PHTLS, according to National Association of EMT standards, are mandatory components of the Paramedic Training Program. Each of these must be successfully completed before the student will be allowed to attend the clinical portion of the program. Students will be allowed only two (2) attempts to complete components; the initial testing session and one re-testing attempt. If, after the retest, performance remains unsatisfactory, the student may be dismissed from the training program.

3. Three Module Exams will be administered following the end of major portions of curriculum. Material on these exams will come from all materials covered during that period. Information covered previously in the course is also subject to testing on module exams as well.

4. Successful passing of Affective Domain Professional Behavior. An evaluation that will be graded through the didactic (and Internship) portion of the program. This is worth 15% of the total grade. This is graded by Competent/Not yet Competent. If at any time a student is graded NYC, a performance improvement plan will be put into place. Failure to become competent in any area may lead to dismissal.

5. Practical Skills Exams will be administered in conjunction with major exams. These exams will be scored on a pass / fail basis. The National Registry of EMTs psychomotor exam documents, the Brady Paramedic Lab Manual and grading criteria will be used in all practical skills exams.

6. Students who do not have 80% cumulative GPA prior to the final exam will not be allowed to take the final exam and may be terminated from the training program.

7. **Students who fail three (3) major exams may be dismissed from the program.**

8. The student’s clinical and field grade will be obtained as follows:
   - Completion of required number of hours in all identified areas
   - Completion of a minimum number of required skills at the competent level
   - Completion of the minimum number of ALS EMS calls and Team Leads
   - Completion of the minimum number of required patient contacts
   - Completion Run Reviews with the Medical Director

9. Students must receive an average Shift Performance Rating of “3” or above on 80% of the Clinical/Field Internship Forms within each Clinical/Field area. An average rating of “3” or below during the last 80% of rotation within a Clinical/Field area will result in repeating that Clinical/Field area with remediation.

10. Weighted grades are as follows:
    - Homework – 5%
    - Presentations – 5%
    - Weekly Tests – 10%
    - Professional Behavior – 15%
    - Module Exams – 20%
    - Midterm – 20%
    - Final Exam – 25%
SUBJECT: Transcripts and Letters of Recommendation

POLICY:

1. A graduate of an INHS Training Program may request (in writing) a letter verifying the number of hours completed and that he/she successfully completed the Training Program.

2. Letters of recommendation for a graduate of an INHS Training Program may be sent to an institution or service program upon receipt of a written request from the institution and a written release from the graduate.

3. Requests for transcripts and/or letters of recommendation must be made in writing. The first transcript request and letter of recommendation will be free of charge. There will be an additional fee for further requests. Transcripts are kept for 50 years.

4. A minimum of seven (14) business days must be allowed to complete any of the above requests.
SUBJECT: Tuition and Financial Aid

POLICY:

1. Tuition for INHS training programs are as follows. Fees are subject to change without notice.
   
   - EMR Training program is $505.00 (Additional fees are approximately $145.00).
   - EMT and online EMT Training programs are $1136.00 (Additional fees are approximately $403.00).
   - AEMT Training program is $1290 (Additional fees are approximately $435.00).
   - Paramedic Training Program is $11,100.00. (Additional fees are approximately $1,625.00).

2. All fees must be paid in full prior to the completion of the first day of class, unless prior arrangements have been made with INHS.

3. All checks/money orders shall be made payable to: “INHS Health Training”.

4. The student’s professional liability insurance is provided through Inland Northwest Health Services and is included in the fees for the student.

5. The National Registry Cognitive computer-based examination fee is the responsibility of the student. Register online at www.nremt.org

6. The National Registry of Emergency Medical Technicians Paramedic Psychomotor examination fee is not included in the fees. Any and/or all testing fees for any outside the practical exams are the responsibility of the student.

7. Financial Aid is not available.

8. INHS does not and will not provide any commission, bonus, or other incentive payment based directly or indirectly on success in securing enrollment or financial aid to any persons or entities engaged in any student recruiting or admission activities or in making decisions regarding the award of student financial assistance.

Paramedic

**SUBJECT:** Uniform / Personal Appearance

**POLICY:**

1. During all phases of the program, appropriate attire must be worn and the student must at all times be clean, neat and well groomed.

2. Hair, shoulder-length or longer, will be tied back when in the clinical and field areas. Facial hair must be kept trimmed.

3. Fingernails must be kept short and clean. Subtle nail polish is permitted.

4. No jewelry except wedding rings, one pair of post earrings and a watch may be worn during the clinical and field components.

5. Tattoos and body art with wording or images that may be perceived as offensive (such as racial slurs, swear words, revealing body parts in a way that a reasonable person could perceive as inappropriate, symbols of death) to patients, families or other persons must be covered during the didactic, clinical and field internship segments.

6. Name badges provided by INHS are to be worn at all times during the Clinical and Field Internship phases of the program. The ID must be worn above the waist, without attachments, and with picture and name forward, immediately visible to patients, visitors, and other staff. Pins and awards are to be attached to clothing or a lanyard, not the ID badge.

7. Students inappropriately dressed will be asked to return home and change clothes. If attire is not provided by the individual site, use the following as a guide.

8. Didactic Attire (INHS staff will determine acceptability)
   a. Casual pants
   b. Casual tops (no offensive words or pictures, no tank tops or sleeveless shirts)
   c. Appropriate footwear (a student must be prepared to work in field situations during a lab)
   d. Lab scrubs or Internship uniform may be required at the discretion of the instructor

9. Clinical Attire (unless scrubs are required)
   a. Dark solid color pants (may be EMS style, no shorts or Capri style)
   b. INHS-approved polo shirts (with logo, Dark Blue)
   c. Dark appropriate footwear – no heels
   d. White lab coat (if required) must be worn with the name badge prominently displayed
   e. Must also meet any specific institutional requirements

10. Field Attire (may have to meet site requirements)
    a. Dark solid color pants (may be EMS style, no shorts or Capri style)
    b. INHS-approved polo shirts (with logo, Dark Blue or other approved uniform shirt as required by an employer)
    c. Dark appropriate footwear (no heels, preferably boots but black shoes can be worn)
    d. Appropriate outer attire as dictated by weather conditions may be worn with the approval of the field site preceptor.
SUBJECT: Vacation/Holidays/Schedule

POLICY:

1. INHS recognizes the following holidays. Classes will not be conducted on these holidays. Additionally, Students will not be assigned to clinical or field rotations unless mutually agreed upon by the student, preceptor and program officials.
   - New Year’s Day
   - Memorial Day
   - Independence Day
   - Labor Day
   - Thanksgiving Day
   - Christmas Day

2. Paramedic students will get a winter break over the Christmas holiday. Duration of said break is one full week (7 days).

3. EMR courses consist of a total of 56 didactic/lab hours. Courses may run over a period of two to four weeks with class time running from 4 to 8 hours. In class EMR students will also participate in a 12-hour field internship shift with an area ambulance agency. Enrollment is ongoing until class is full or starts. Start and end dates may be found on our registration page at courseregistration.inhs.org/Home/Course/1097.

4. EMT and AEMT in person courses consist of three months of classes running two evenings a week and every other Saturday. In class EMT students will also participate in two 12-hour field internship shifts with an area ambulance agency. Online EMT students will participate in one 12-hour field internship shift with an area ambulance agency. AEMT students will also participate in three 12-hour field internship shifts with an area ambulance agency and two 12-hour shifts in the ER. Enrollment is ongoing until class is full or starts. Start and end dates may be found on our registration page at courseregistration.inhs.org/Home/Course/952 and courseregistration.inhs.org/Home/Course/950.

5. Paramedic course consists of 6 months of classes running three full days a week. Students will also complete 258.5 hours of clinical shifts and an estimated 3 months of field internship shifts. Enrollment period begins six months prior to the start of the course; it is ongoing until class is full or starts. Start and end dates may be found on our registration page at courseregistration.inhs.org/Home/Course/1003.

6. Any school closure due to inclement weather or emergency is at the discretion of INHS staff. INHS will follow public closure announcements to align with Spokane Community College.

7. Hours of operation for Health Training Facility are Monday through Friday 8 am to 4 pm, with additional hour when night or weekend class is in session. Hours of operation for the Administrative Offices are Monday through Friday 9 am to 3 pm.
SUBJECT: Withdrawal/Readmission

POLICY:

1. A student who finds it necessary to withdraw or who is requested to withdraw shall have an exit conference with the Program Director before leaving also subject to refund policy timeline.

2. Students who are requested to withdraw from the program are not eligible for readmission into the current course.

3. Students who have withdrawn for acceptable personal reasons may reapply for admission into a subsequent course with approval of the Program Director. Readmission may be at the appropriate time in the curriculum, as decided by the Program Director, Lead Instructor and Medical Director(s).

4. Inland Northwest Health Services reserves the right to request withdrawal of any student whose conduct, academic achievement, clinical work or field work is not satisfactory or in compliance with the policies contained in this manual.

5. Students that were dismissed from the class due to poor academic achievement may be given the opportunity to enroll in a subsequent Paramedic class. This will be at the discretion of the Program Director, Lead Instructor and Medical Director(s) and availability of class space. The tuition for subsequent classes will be the current tuition for that class and is subject to change.
